Minimum age of entry

Entry into the Dambuster Standard Distance Triathlon is under BTF ruling 30.4 open to Junior B athletes 17 years and above (Age category shall be determined as at 31st December in the current year.)

Swapping of Entries

Please note that the swapping of entries between competitors is strictly forbidden as it invalidates insurances undertaken by the promoters to cover the event. If you are unable to race please follow the withdrawal instructions outlined in the terms and conditions outlined on www.pacesetterevents.com website.

The consequences of attempted swapping of entries by any competitor is so serious in jeopardizing the continuation of events that any athlete found to have passed their entry to another athlete or any athlete taken up that entry will be banned for life from all future Pacesetter Events.

Please note we do not allow the swapping of entries between competitors, or teammates or defer entries until the following year nor are we in a position to offer refunds

Confirmation of Entry

Competitors who entered online were automatically forwarded a confirmation of entry by e-mail. Applicants who applied using a postal entry should check on the list of entries posted on the web site to confirm that they were successful in their application. Pace Setter Events can not be held responsible for loss of entries in the post.

Withdrawal Policy

In line with the terms and conditions as outlined on the website, competitors wishing to withdraw from the event must do so a minimum of one month prior to the event takes place in order to receive a 50% credit note. There are no exceptions to this rule.

Please ensure that you follow the procedure as outlined in the terms which can be found on the Dambuster Triathlon page on the website. You can Download the T&C's by clicking on the "Terms" button.

Please check that your details are on the start list for the event and contact us in registration immediately if you think there has been an error of any kind in your details.

Rules Governing this Event

The event will be held under the rules of the British Triathlon Federation and competitors are advised to familiarize themselves with the rules and regulations. that will be applied to this race, otherwise you may be penalised for breaking any rule. Ignorance is no defense! If you require further information about Race Rules, please visit www.britishtriathlon.org or telephone the British Triathlon Federation on 01509 226161.

Competitor Conduct

Competitors are reminded that they share both the park facilities and the highway with other citizens who may or may not be fully aware of the event. We request that you treat both members of the public including other road users, marshals, other competitors, event officials and venue staff with respect.

Any use of profanity or aggression towards any other parties will result in an immediate DQ from the event and a ban from all future events hosted by both the venue and the promoters. Please try to remain courteous on the road even if some other road users may not offer you the same respect.

Rules Governing Riding on the Highway

You are reminded that the cycle section is on open roads, so please ensure that you observe the rules of the road at all times. Any reported

infringements, such as crossing Solid white centre lines, or failing to take due care will result in a DQ. It is also illegal and may result in a prosecution by the police.

Please recognize that Race Marshal's are not permitted under British law to stop the traffic and will not do so under any circumstances. Marshall's are there to give direction only and not instruction. Competitors are responsible for making their own decisions as to whether it is safe to proceed or not. If in doubt competitors should stop!

Right of Way

You must take the utmost care at junctions and should note in the course details that you do not have right of way at a number of sections, Check that the junction is clear before continuing. You must obey the Highway Code, which is also the Law. Don't take risks to save two seconds.

Littering

Littering anywhere on the course will not be tolerated. Please comply as we depend on the goodwill of our landowner hosts and the people of Rutland. It is a beautiful area so please help to keep it that way. Whilst we have set in place system to ensure the tidying up of cups used at the run feed stations this is the only area where dropping of litter is permitted.

If you're spotted littering on the bike or other areas of the run this is an instant DQ offence under BTF regulations- you've been warned!.

Non Drafting

This race is a non-drafting race for all categories meaning competitors are not allowed to take shelter behind or beside another competitor or motor vehicle during the cycling segment of the race

We have 8 Moto referees out on course at all times so please don't ruin yours or anyone else's day by drafting

The draft zone is a rectangle measuring seven metres long by three metres wide which surrounds every cycle on the cycle course. The front edge of the front wheel defines the centre of the leading three (metre edge of the rectangle.

A competitor may enter the draft zone of another competitor but must be seen to be progressing through that zone. A maximum of 15 seconds is allowed to progress through the draft zone of another competitor. If an overtaking manoeuvre is not completed within 15 seconds, the overtaking cyclist must drop back. Time penalties and DQ's will be issued by the referee for infringements. Under new guidelines it is not required for the referee to inform you until the event is completed.

Helmets

BSI, ANSI or SNELL approved hard shell helmets will be compulsory and must be worn throughout the cycle section. They must be fastened prior to mounting your cycle and neither undone nor removed until your bike is racked.

Bikes

It is the responsibility of all competitors to ensure that their bike is in a roadworthy condition and adheres to the rules and regulations as specified by the British Triathlon Federation. Please note only road bikes or time trial bikes are permitted in this event. Mountain bikes are not permitted in this event.

Race Numbers

You will be issued with TWO body numbers, which must be clearly visible on your back for the bike and your front for the run. - Please bring your own 8 pins. Do not cut or fold these race numbers as penalties will be issued for number mutilation. Elastic belts for race numbers are permitted. Relay Teams are required to use race belts so that numbers can be passed from one team member to the other in transition.

Swim 1.5km (One Lap)

The swim starts immediately in front of the Harbour Bar Café at Whitwell Harbour. The swim course is a one lap swim which commences in the water immediately adjacent to the Harbour Bar Café to the right of the jetty. The route will be triangular shape swimming in an anti clockwise direction.

All competitors please note: United Kingdom inland waters are not completely safe for swimming. Although risks of disease are low and risks of serious infection are small, a swimmer may be susceptible to infection through immune suppression, particularly if they are not in good health at the time of swimming.

Be careful entering any open water swim if you are unwell. The lake may be cold and in line with BTF and ITU rules triathlon wetsuits will be compulsory if the temperature is below 14°C and forbidden above 22°C. Between these two temperatures wetsuits are at the discretion of the competitor. You are advised not to drink the lake water.

Canoes will be on hand to guide you and provide safety cover. If you get into difficulty, turn on your back and raise one arm; a canoe will then escort you to the bank or one of the safety boats. If you appear to be struggling in the swim, or if you have been in the water for a long time, you may be pulled out.

If you do withdraw at any time during the swim, then please ensure that you inform an official immediately.

Please find attached both a visual map route and a detailed descriptive route outline. You must take the utmost care at junctions and should note in the course details that you do not have right of way at a number of sections, as traffic will be crossing you.

Mechanical Bike Support.

We have at least one static bike marshal located on every major junction throughout the bike course. (These are designated PACE 1 - PACE 8 on the attached bike route) whilst these marshals can not assist you mechanically each marshal has a limited supply of inner tubes and a limited supply of tools which could help in the case of minor mechanical failures. In addition each marshal position had direct phone contact with the sweeper bus so in the case of mechanical failure or injury please report to the nearest static bike marshal position for assistance.

Run - 10km (One - out and back 10km Lap - Please see maps)

PLEASE NOTE THAT THE RUN HAS CHANGED FROM THE COURSE USED IN PREVIOUS YEARS AND FROM THE INFORMATION IN THE ORIGINAL PROVISIONAL RACE INFORMATION

The run course is 1 lap of a 10 km route consisting of a run out along the edge of the lake towards Normanton Church with a turnaround at 5km, before returning back to the transition area using the same route,

The run course uses both tarmac paths and a small grass section. From the transition area, you will run along the edge of the lake keeping the lake to your right hand side and follow the path and the pinned area until you reach the dam where you will find the first drinks/ feed station on the start of the dam. From here you will run across the dam and at the far end of the dam you will continue through two sets of gates which will be permanently opened and continue along the edge of the lake until you reach a turnaround point at the back of the Normanton Hotel just before the Normanton Church which is the furthest turnaround point and the second drinks station.

You will then run back to the starting point of the run following the same route as used on the way out enabling you to use the same drinks station as on the way out.
